

## Mooloolaba Transport Corridor Upgrade (MTCU) Project Stages 2, 3 & 4 – Brisbane Road, Mooloolaba

Project number: H9272

### Notice to residents and businesses Service location and temporary changes to traffic conditions – Brisbane Road, Mooloolaba (weather & site conditions permitting)

#### Planning for future stages

As part of the Mooloolaba Transport Corridor Upgrade (MTCU) and the road widening of Brisbane Road, some service location works for Stages 2, 3 and 4 are required.

These investigation works include the area along Brisbane Road from the Walan Street-Brisbane Road-Hancock Street intersection to near Bindaree Crescent including Tuckers Creek Bridge.

Construction for Stages 2, 3 and 4 will be staged and take place from 2021 - 2023.

#### Service location – day works *Monday 25 and Tuesday 26 May, 7am – 4pm*

Service locations are performed to confirm the location of existing underground services.

As part of future design planning, small holes will be drilled in various locations in the road surface of Brisbane Road, Bindaree Crescent and Hancock Street. The road surface will then be reinstated.

To minimise inconvenience to the community, these works will take place between 7am and 4pm.

Please see the diagram **on page 2** for the location of these investigations.

#### Temporary changes to traffic conditions

To minimise inconvenience to the community Brisbane Road will remain open to vehicle traffic during these works.

For safety reasons, stop-go traffic controllers will be operating while the holes are being drilled in the road surface.

Reduced speed limits will apply.

Please allow an extra 10 minutes of travel time during these times.

Pedestrian access will remain.

#### What to expect during construction works

Intermittent noise impacts can be expected during the geotechnical drilling works.

Large machinery and trucks will be on site with workers out on Brisbane Road, Bindaree Crescent and Hancock Street.

Signage will be in place.

#### Register to receive project updates

To receive regular project updates throughout the construction period, please register your contact details by emailing your details to
