

**Mooloolaba Transport Corridor Upgrade
(MTCU) Project**
Stage 1b Walan Street, Mooloolaba

Project number: H9272

Notice to residents and businesses
Water main works on Smith Street, Mooloolaba
Friday 29 May, 6.30am – 6pm
Weather & site conditions permitting

As part of the Mooloolaba Transport Corridor Upgrade (MTCU) and to accommodate the road widening of Walan Street between Venning Street and Smith Street, upgrades to the water main in Smith Street are required.

Water main upgrade

On Friday 29 May, between the hours of 6.30am and 6pm, a temporary water main will be installed under Smith Street.

This will involve construction workers saw-cutting across the road surface, digging a deep trench, and installing a temporary water main. The trench will then be infilled and the road surface reinstated.

No interruption to water supply is expected.

Temporary changes to traffic conditions

To install the temporary water main as quickly and safely as possible a section of Smith Street, will be temporarily closed to vehicle traffic.

The entry to Smith Street from Walan Street will be temporarily closed. Detours will be in place via Muraban Street.

Pedestrian access will be maintained to businesses and residences.

Traffic controllers will assist pedestrians and motorists as required.

Please allow an extra 5-10 minutes for your travel.

Please see the map on page 2 for details of the construction area and partial Smith Street road closure.

What to expect during construction works

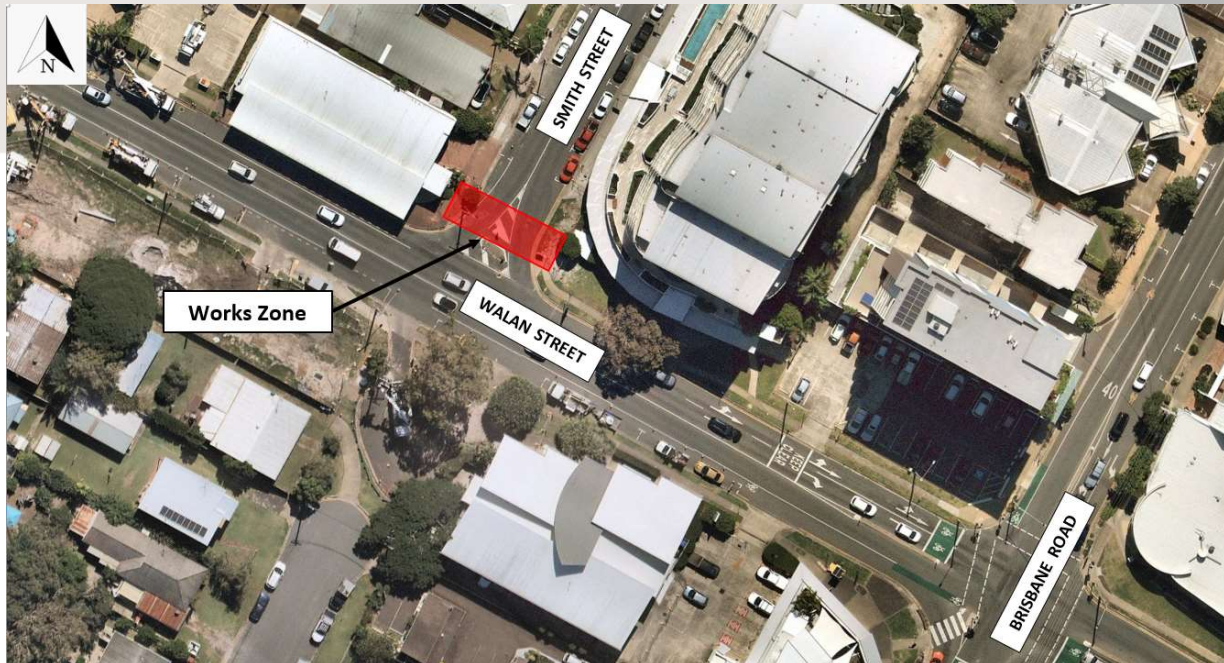

During the road cutting and trenching works, residents and nearby businesses should expect intermittent, medium level noise impacts.

For safety reasons, pedestrian traffic will be diverted to alternative footpath routes where required.

Signage will help to redirect motorists. Traffic controllers will be in place.

Contact the project team

For further information, members of the public can contact the project team on 1800 531 597 (during office hours, Monday to Friday 8.30am – 5pm) or email mooloolabatransportcorridorupgrade@sunshinecoast.qld.gov.au
