

**Mooloolaba Transport Corridor
Upgrade (MTCU) Project**
Stage 2 – Brisbane Road, Mooloolaba

Project number: H3747

Potholing – Monday 21 September 9am - 2pm
Brisbane Road, Mooloolaba
(weather & site conditions permitting)**Planning for future stages**

As part of the Mooloolaba Transport Corridor Upgrade (MTCU) and the road widening of Brisbane Road, it is necessary to accurately locate and map all underground services.

This is done by a technique called potholing. Potholing involves drilling exploratory holes to confirm the location of underground services in a defined construction area.

Potholing is being undertaken in preparation for Stage 2 Construction. Stage 2 includes the section on Brisbane Road from 42 Brisbane Road through to Kyamba Court including the new Mayes Canal Bridge and features:

- upgrading the intersection of Brisbane Road/ Foote Street/ Tarcoola Avenue to a new, signalised intersection
- construction of the new Mayes Canal Bridge with four traffic lanes and provision for mass transit, cyclists and pedestrians
- on-road cycle lanes
- retaining the existing bus stops on Brisbane Road

Stage 2 construction will take place in 2021 and 2022 calendar years.

Potholing investigations

Monday 21 September 9am – 2pm

Small holes will be drilled into the northbound (to Mooloolaba), western side footpath of Brisbane Road, near the intersection to Kyamba Court. The footpath will then be reinstated.

Another pothole will be excavated in River Esplanade, also in the road verge.

To minimise inconvenience to the community, works have been scheduled during the Queensland School Holidays and the beginning of the week.

Brisbane Road and River Esplanade will remain open to vehicle traffic during these works.

Pedestrian pathways will remain open.

Please see the diagram on page 2 for the location of these works.

What to expect during construction works

Intermittent noise impacts can be expected. A large vacuum truck will be used.

Register to receive project updates

To receive regular project updates throughout the construction period, please register your contact details by emailing your details to mooloolabtransportcorridorupgrade@sunshinecoast.qld.gov.au

Contact the project team
