

Parklands Boulevard Upgrade Meridan Plains

Project number: P-H1244

RESCHEDULED Night works Sunset Drive - Parklands Boulevard intersection Monday 16 March and Tuesday 17 March 2020, 6pm – 3am (weather and site conditions permitting)

The Parklands Boulevard project team wishes to advise that the nightworks recently cancelled due to wet weather (refer Construction Notification dated 17 February) have been rescheduled.

On the evenings of 16 and 17 March, night works will be undertaken to install electrical conduits under the road surface at various locations in and around the Sunset Drive – Parklands Boulevard intersection.

The road surface will be cut, and electrical conduits installed underground in preparation for the future, upgraded intersection. Road safety barriers will also be installed in preparation for future road works.

To minimise inconvenience to the community, two work crews will be used. This will halve the time required to complete these works while maintaining access for motorists under traffic control.

This work must take place at night for safety reasons and to minimise inconvenience to motorists during peak travel periods.

What to expect during these works

Audible noise: Heavy machinery will be in use and nearby residents should expect some audible noise. Reversing beepers and flashing lights are a safety requirement. Where possible, noisier works will be undertaken earlier in the evening, prior to midnight.

Traffic control and changes to traffic conditions: Changes to traffic conditions including reduced speed limits and temporary lane closures will be in place. Minor traffic delays can be expected. Please allow an extra 5-10 minutes for any travel.

Temporary lighting: Generator powered lighting towers will be used to light work areas. Lighting is a safety requirement.

Emergency vehicle access: Emergency access will remain available to homes and businesses under the direction of traffic control.

We thank you for your patience and cooperation during these works.

Register to receive construction updates

Council's primary method of communicating construction information is via email updates. If you, or someone you know wishes to receive future updates please email your/their contact details including name, business name (if applicable), email address and phone number to: parklandsboulevard@sunshinecoast.qld.gov.au

Contact the project team
