

**Montville, Western Avenue
Russell Family Park – Car Park
Upgrade**

Project number: D-616

**Car Park Upgrade - Stage 2 Construction
Alternative parking update****Gravel car park open during Easter and first week of QLD school holidays**

A friendly reminder that the gravel carpark remains open until 5am Monday 9 April.

Alternative parking - Stage 2 Construction (from 5am Monday 9 April 2018 – early August 2018)

As per the last Construction Update, Council's project team has been working with the local community to identify possible alternative parking arrangements during Stage 2 Construction.

Meetings and discussions have been held with the Montville State School and local community organisations such as the Lions Club and the Blackall Range Woodcrafters as well as private businesses including Altitude on Montville.

Discussions to date have been very positive with the school and businesses keen to assist where possible.

The current status regarding alternative parking is as follows:

Montville State School – School Oval parking

The school has agreed to local and visitor parking on the school oval outside of school days and subject to favourable weather conditions. It is likely that volunteers will manage the carpark with a nominal entry fee. Operating hours will be from 9.00am to 3.00pm each day.

The school principal has advised the project team that due to the likelihood of poor weather from 9 – 13 April it is unlikely that the oval will be available for parking during this period.

Council respects the school's position and will continue discussions regarding weekend and public holiday parking during Stage 2 Construction (again subject to weather conditions). We will advise all details as soon as possible.

Altitude on Montville, 94-96 Main St (400m walk to Village Centre)

Altitude has advised that it will open its carpark to free visitor parking during Stage 2 Construction. No local staff parking will be permitted.

Council thanks Altitude for its offer of assistance.

Other local businesses

The Montville Village Association is continuing discussions with local businesses regarding any potential available parking.

On street parking

Parking will remain in Montville Village.

We will continue to keep businesses and community organisations up to date with alternative parking progress and will be in touch with further updates.
