

Diddillibah Road, Woombye - Proposed Site Specific Amendment

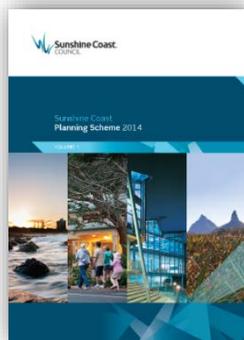

Council is proposing an amendment to the *Sunshine Coast Planning Scheme 2014*, referred to as the *Proposed Sunshine Coast Planning Scheme 2014 (Major Amendment) - Site Specific and Operational Matters*.

This information sheet provides details on a proposed site specific change to land at Diddillibah Road, Woombye, as part of that amendment.

What is a planning scheme?

In Queensland, a planning scheme is an important regulatory document that guides growth, land use and development in a local government area.

On 14 April 2014, council adopted the *Sunshine Coast Planning Scheme 2014*. The *Sunshine Coast Planning Scheme 2014* integrates and balances the economic, social and environmental needs and aspirations of the community to provide an orderly approach to land use and change.

What is a planning scheme amendment?

The *Sunshine Coast Planning Scheme 2014* is a living document and is amended from time to time in response to feedback, changing community needs and legislative changes to ensure it is up to date and operating effectively.

The process for amending a planning scheme is prescribed in the *Planning Act 2016* and the *Minister's Guidelines and Rules*.

Further information on the planning scheme amendment process can be found on the

Department of State Development, Manufacturing, Infrastructure and Planning website
<https://planning.dsdmip.qld.gov.au/planning/better-planning/local-planning>

What amendments are proposed?

Council is currently considering a package of proposed planning scheme amendments relating to site specific and operational matters.

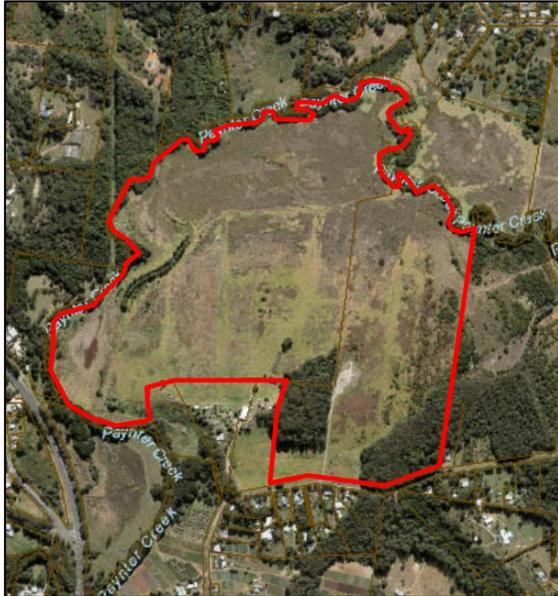

The purpose of these amendments is to:-

- (a) amend the zones, overlays and/or precincts relating to a number of specific sites in the localities of Buderim, Chevallum, Dicky Beach, Eerwah Vale, Golden Beach, Kenilworth, Kunda Park, Landsborough, Little Mountain, Maleny, Mount Coolum, Pelican Waters, Witta, and Woombye;
- (b) amend the zone and the Height of buildings and structures overlay for a number of specific sites relating to Educational establishments, Retirement facilities and Residential care facilities, in locations across the planning scheme area;
- (c) reduce the number of building height increments in the Height of buildings and structures overlay, which applies to the entire planning scheme area, which will result in minor changes to the applicable building height limit for certain sites; and
- (d) address other operational matters to improve the clarity and efficiency of the planning scheme.

How does the proposed amendment relate to my area?

The proposed amendment package includes a change to the zoning and maximum building height of land at Diddillibah Road, Woombye (Lot 10 on SP261670 and Lot 2 on RP136003) (the subject land) (refer to **Figure 1** over leaf).

Figure 1: Aerial view of subject land

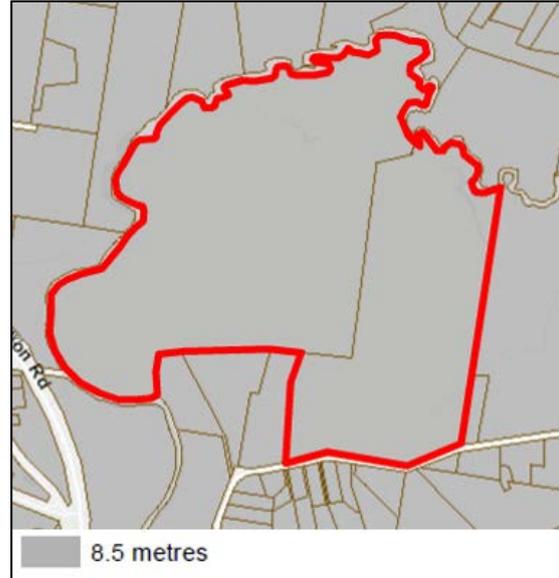

Why is Council proposing the planning scheme amendment?

Under the *Sunshine Coast Planning Scheme 2014*, the subject land is currently included in the Rural zone and has a maximum height limit of 8.5 metres (as shown in **Figure 2** and **Figure 3**).

Figure 2: Existing zoning

Figure 3: Existing height category

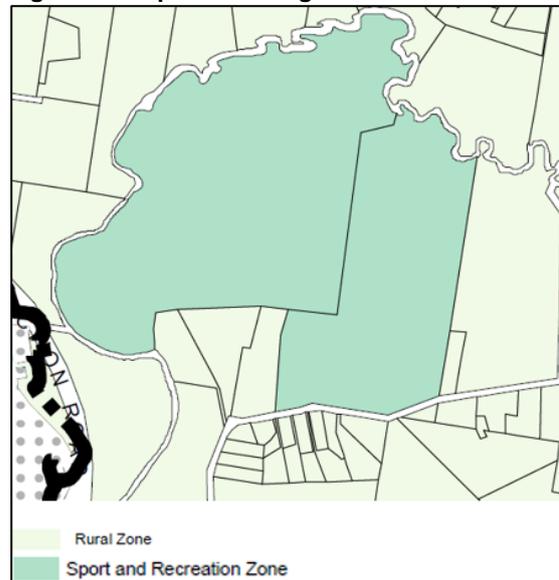

Council purchased the subject land in December 2013 for sport and recreational purposes, to address a shortfall for district sportsgrounds identified in the *Sunshine Coast Open Space Strategy 2011* and the *Sunshine Coast Sport and Active Recreation Plan 2011-2026*. The core towns that are intended to be serviced by the proposed sportsground include Nambour, Woombye and Palmwoods.

What are the details of the proposed amendment?

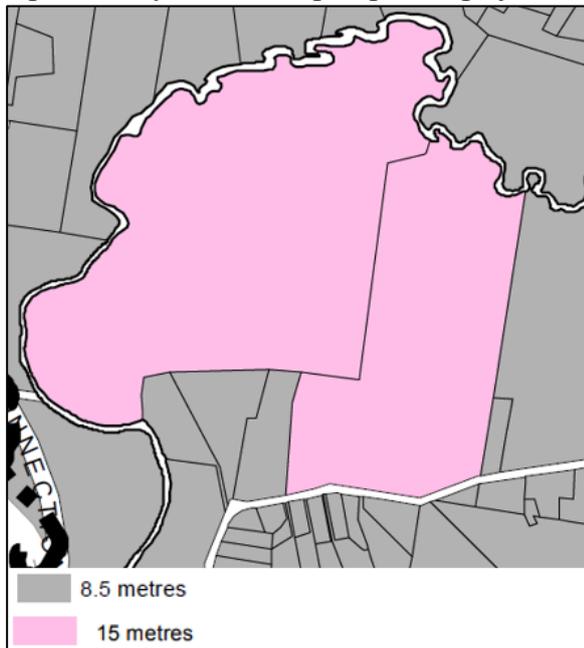

To better accommodate the sport and recreational activities and uses that are intended for this land, it is proposed to amend the zoning of the subject land from the Rural zone to the Sport and recreation zone (as shown in **Figure 4** below) and make consequential amendments to the Strategic Framework Map SFM1 Land Use Elements.

Figure 4: Proposed zoning

It is also proposed to amend the Height of buildings and structures overlay to increase the maximum building height nominated for the subject land from 8.5 metres to 15 metres (as shown in **Figure 5**), for consistency with other district sports facilities and to allow flexibility for future development of the subject land and allow for the development of future sports facilities (e.g. buildings and structures).
