8.2.9.1 Application

- (1) This code applies to assessable development:-
 - (a) subject to the heritage and character areas overlay shown on the overlay maps contained within **Schedule 2 (Mapping)**; and
 - (b) identified as requiring assessment against the Heritage and character areas overlay code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) All provisions in this code are assessment benchmarks for applicable assessable development.

8.2.9.2 Purpose and overall outcomes

- (1) The purpose of the Heritage and character areas overlay code is to protect *local heritage places* and *character areas* by ensuring that:-
 - (a) development on a *local heritage place* or on *land in proximity to a local heritage place* is compatible with the identified significance of the *local heritage place*;
 - (b) the *streetscape* character and significance of *character areas* are conserved and enhanced; and
 - (c) the protection of *local heritage places* and *character areas* contributes towards an enhanced community connection with historical places, values and traditions.
- (2) The purpose of the Heritage and character areas overlay code will be achieved through the following overall outcomes:-
 - (a) the heritage significance of individual sites and places is conserved for the benefit of the community and future generations;
 - (b) development on a *local heritage place* is compatible with the heritage significance of the place by:-
 - (i) maintaining or encouraging the appropriate use (including adaptive reuse) of the *local heritage place* whilst protecting the amenity of adjacent uses;
 - (ii) protecting the context and setting of the *local heritage place*;
 - (iii) ensuring development on the *local heritage place* is compatible with the heritage significance of the place; and
 - (iv) retaining the *local heritage place*, unless there is no prudent and feasible alternative to its demolition or removal;
 - (c) development on *land in proximity to a local heritage place* is sympathetic to the heritage significance of that place; and
 - (d) development in a *character area*:-
 - (i) is sympathetic and complementary to the *streetscape* character and heritage values of the area;

³¹ Editor's note—the Heritage and character areas overlay code does not apply to indigenous cultural heritage which is protected under the *Aboriginal Cultural Heritage Act 2003* or Torres Strait Islander cultural heritage which is protected under the *Torres Strait Islander Cultural Heritage Act 2003*. In accordance with these Acts, a person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal or Torres Strait Islander cultural heritage ("the cultural heritage duty of care").

³² Editor's note—the following elements referred to in this code are identified on the Heritage and Character Areas Overlay Maps in **Schedule 2 (Mapping)**:-

- (a) *local heritage places*;
- (b) *land in proximity to a local heritage place*; and
- (c) *character areas*.

Statements of significance (citations) for *local heritage places* and *character areas* are contained in the **Planning scheme policy for the Heritage and character areas overlay code**.

³³ Editor's note—the **Planning scheme policy for the Heritage and character areas overlay code** provides advice and guidance for achieving certain outcomes of this code, including guidance for the preparation of a heritage impact assessment report and conservation management plan.

- (ii) retains *character buildings* as well as other buildings, structures and elements that contribute to the identified character of the area through their age, form, style, siting and character; and
- (iii) complements, rather than mimics or replicates, the identified building styles in the street.
