

**Parklands Boulevard Upgrade  
Meridan Plains**

Project number: P-B4250

**Telstra and Energex works and temporary changes to pedestrian  
movements - Parklands Boulevard and Sunset Drive****Monday 3 June to Friday 7 June****Telstra and Energex works**

As part of the delivery of the Parklands Boulevard Upgrade Project, underground relocation of Telstra and Energex services will take place between from late May until mid July 2019 in various locations.

Energex works will take place at the Sunset Drive-Parklands Boulevard intersection, including the undergrounding of existing overhead power lines.

The relocation of these services forms an important part of preparations for the permanent relocation of the overhead power lines (in August 2019), before the future four-lane road widening of Parklands Boulevard later this year.

**Temporary closure of pedestrian  
footpath and access via Parklands  
Boulevard**

For safety reasons a section of the footpath on Sunset Drive will be temporarily closed with pedestrian diversions in place. This includes access to the townhouse development on the corner of Sunset Drive and Parklands Boulevard.

Residents and visitors of the development are asked to use the alternative pedestrian access on Parklands Boulevard.

This arrangement will be in place for a period of approximately one week (weather permitting)

**Please see the map on page 2 for further details.**

**What to expect**

The construction team will try to mitigate construction impacts in relation to surrounding residents and businesses wherever possible and safe to do so.

We thank you in advance for your understanding and patience during these works and apologise for any inconvenience.
