

Growing sustainably takes careful planning

Help Sunshine Coast Council create a **new planning scheme** which reflects our community's vision for our region

sunshinecoast.qld.gov.au/newplanningscheme

Help Council create a **new planning scheme** for our community

A planning scheme guides the way we grow and develop as a region. It can protect the places we love, preserve the lifestyle we enjoy and create a built environment that supports our vision for the Sunshine Coast.

Have your say

Your input will help shape the future of our region and the places we value.

Council will soon be seeking your feedback on proposed planning directions for our region and your local area.

For more information and to register your interest:
