

Automated Waste Collection System

Superior Quality & Engineering

Wastech are specialists in designing, manufacturing and installing chutes to suit all building types. Innovation through design, Wastech chutes are chosen for Australia's most prestigious projects.

Wastech has the complete chute system for any building design and our service includes solutions from planning stage to installation and commissioning. Our primary aim is to support productivity and safety for the building operators/managers and optimise the building's performance.

WASTECH 25 YEARS
