ROCKCOTE

ROCKCOTE is a multi-award winning building industry products supplier that is recognised for developing, manufacturing and distributing decorative architectural coatings, pre-blended cement renders and patching compounds, environmentally safe paints and energy efficient walling systems.

The ROCKCOTE product range is widely used throughout the residential, commercial and industrial construction industries, both in Australia and overseas.

ROCKCOTE is a \$20 million business, holding approximately 18% of the texture coatings market in Australia. The company’s head office and main manufacturing plant is at Yandina, Sunshine Coast; and its Design Centre is located in Nerang (Gold Coast); licensees in Perth and New Zealand, along with independent trade centres and distributors throughout Australia.

ROCKCOTE has won numerous awards, including the 2009 Queensland Premier’s Award for Leadership in Business Sustainability, United Nations of Australia World Environment Day Award for Green Building and many more.

FAST FACTS

- ✔ Hold approximately 18% of the texture coatings market in Australia.
- ✔ Head office in Yandina, Sunshine Coast.
- ✔ Export throughout Australia and New Zealand.
- ✔ \$20 million business.
- ✔ Multiple business awards.

THREE REASONS TO INVEST ON THE SUNSHINE COAST

- 1 Sunshine Coast is striving to become Australia’s most sustainable region – a vision incorporated in all of Council’s future planning and strategies.
- 2 One of Queensland’s highest concentrations of clean businesses and home to the second highest concentration of residential rooftop solar panels in Australia.
- 3 Australia’s first commercial scale public utility solar farm is a catalyst to support the growth and innovation of the region’s clean industry.

The Sunshine Coast is becoming the environmental centre of the world. We enjoy a beautiful, diverse environment, dedicated staff and a network of innovative companies all striving to leave the world in a better state than how we found it.

Why the Sunshine Coast is perfect for clean technology businesses...

- Sunshine Coast Council's vision is to become Australia's most sustainable region - vibrant, green, diverse.
- Renowned for its weather conditions that are conducive to solar power and supports continued innovation and investment in this area.
- Sunshine Coast generates specific demand for clean technology solutions with a population growing at an average of 2.1% and a medium age nearly six years older than the state average.
- Industry generates \$212 million in economic activity, employs 1,770 people and has become a model for sustainability in Australia.
- Sunshine Coast Council has committed to the development of a utility scale solar farm at Valdora and University of the Sunshine Coast also has a Sustainable Research Centre built to address social adaption concerns.
- Queensland's development industry is outperforming all other states with total dwelling approvals up 24.5% from 2013 to 2014.
- High speed broadband available across the Sunshine Coast and many suburbs currently being connected to the National Broadband Network.
- Strong support from Sunshine Coast Council and the development of an Industry Investment Plan to help further develop and grow the Clean Technology industry.

HOW THE SUNSHINE COAST COUNCIL CAN HELP

- ✓ Financial assistance to help offset various establishment costs.
- ✓ A single point of service to facilitate connections with government bodies.
- ✓ Tailored package of comparative information to assist in your decision.
- ✓ Customised site selection assistance and relocation advice.
- ✓ Access to key international market information and industry development.
- ✓ Successful track record of helping investors move to the Sunshine Coast.

The future is here
